
HISTORY (INDIA AND THE CONTEMPORARY WORLD - II)

CHAPTER 1: THE RISE OF NATIONALISM IN EUROPE

1. The French Revolution and the Idea of the Nation

****Key Concepts:****

- The French Revolution (1789) was the first expression of nationalism.
- It introduced the idea of "La Patrie" (the fatherland) and "Le Citoyen" (the citizen).
- A new French flag (tricolour) replaced the royal standard.
- The Estates General was renamed the National Assembly.
- A centralised administrative system was established.
- Uniform laws and standardised weights and measures were introduced.
- Internal customs duties were abolished.
- French became the common language.

****Napoleon's Role:****

- Napoleon Bonaparte crowned himself Emperor of France in 1804.
- He introduced the Civil Code (Napoleonic Code) in 1804.
- Features of the Napoleonic Code:
 - Abolished privileges based on birth.
 - Established equality before the law.
 - Secured the right to property.
 - Abolished feudal dues and serfdom.
 - Simplified administrative divisions.
- ****Negative Impact:**** Censorship, forced conscription, and military conquests led to opposition.

2. The Making of Nationalism in Europe

****A. The Aristocracy and the New Middle Class:****

- ****Aristocracy:**** Socially and politically dominant; spoke French; owned estates.
- ****Middle Class:**** Included industrialists, businessmen, professionals; believed in liberalism and nationalism.

****B. The Rise of Liberalism:****

- **Political Liberalism:** Government by consent, abolition of autocracy, constitutional government.
- **Economic Liberalism:** Freedom of markets, abolition of state-imposed restrictions on trade.

C. The Revolutionaries:

- Secret societies were formed to oppose conservative regimes.
- **Giuseppe Mazzini:** Founded "Young Italy" and "Young Europe"; believed in the unification of Italy through a republic.

D. The Age of Revolutions (1830-1848):

- **July Revolution (1830):** Overthrew the Bourbon monarchy in France.
- **Belgian Revolution (1830):** Belgium broke away from the United Kingdom of the Netherlands.
- **Greek War of Independence (1821-1832):** Greece gained independence from the Ottoman Empire.
- **1848 Revolutions:** Uprisings across Europe for liberal and nationalist demands.

E. The 1848 Revolution in France:

- Louis Philippe was overthrown; a republic was established.
- Suffrage was extended to all adult males.

3. The Making of Germany and Italy

A. Unification of Germany:

- **Process:** Led by Prussia under Otto von Bismarck.
- **Strategy:** "Blood and Iron" policy (wars and diplomacy).
- **Wars:**
 - Prussian-Danish War (1864)
 - Austro-Prussian War (1866)
 - Franco-Prussian War (1870-71)
- **Result:** German Empire proclaimed at Versailles in 1871; Wilhelm I became Kaiser.

B. Unification of Italy:

- **Key Figures:**
 - **Giuseppe Mazzini:** Revolutionary; founded Young Italy.
 - **Count Cavour:** Chief Minister of Sardinia-Piedmont; diplomatic efforts.
 - **Giuseppe Garibaldi:** Military leader; led the Red Shirts.
- **Process:**
 - Sardinia-Piedmont under King Victor Emmanuel II took the lead.
 - Garibaldi conquered the Kingdom of the Two Sicilies.
 - Cavour allied with France to defeat Austria.
- **Result:** Italy unified in 1861; Victor Emmanuel II became King.

4. The Role of Culture in Nationalism

- **Romanticism:** Emphasised emotion, intuition, and mysticism over reason.
- **Folk Culture:** Folk songs, dances, and poetry revived nationalist feelings.
- **Language:** National language promoted unity.
 - **Grimm Brothers:** Collected German folk tales to promote German culture.
 - **Karol Kurpinski:** Polish nationalist through music.

Allegory:

- **Germania:** Symbol of the German nation.
- **Marianne:** Symbol of the French Republic (liberty and reason).

5. The Making of Nation States

Nation State:

- A state where the majority of citizens share a common identity and history.
- **Balkan Crisis:** The Balkans (Serbia, Bulgaria, Greece, etc.) were under the Ottoman Empire.
 - They revolted to form independent nation-states.
 - This led to the First World War (1914).

Imperialism:

- The quest for colonies (imperialism) intensified nationalist tensions.
- Rivalries among European powers led to the First World War.

IMPORTANT QUESTIONS

Very Short Answer (1-2 marks):

1. What is meant by the term "nation state"?
2. Who was Giuseppe Mazzini?
3. What was the Napoleonic Code?
4. Define liberalism.
5. Who was the architect of German unification?

Short Answer (3 marks):

1. Explain the role of the French Revolution in the rise of nationalism in Europe.
2. Describe the process of the unification of Italy.

3. What was the role of culture in the development of nationalism in Europe?
4. Explain the importance of the 1848 Revolution in European history.

****Long Answer (5 marks):****

1. Describe the process of the unification of Germany.
2. What were the causes and effects of the rise of nationalism in Europe?
3. Compare and contrast the unification of Germany and Italy.
4. Explain the role of the Napoleonic Code in spreading nationalism in Europe.

****Case-Based Question:****

Read the following and answer:

"The French Revolutionaries introduced various measures to create a sense of collective identity among the French people."

- (i) What was the tricolour flag?
- (ii) What was the Estates General renamed as?
- (iii) What was the Napoleonic Code?
- (iv) What were the positive and negative effects of Napoleon's rule?

CHAPTER 2: NATIONALISM IN INDIA

1. The First World War and Its Impact on India

****Economic and Political Impact:****

- Increased defence expenditure led to a rise in taxes.
- Prices of goods increased (inflation).
- Forced recruitment of soldiers from villages.
- Agricultural production declined.
- Shortage of food led to famines.
- The British government introduced repressive laws.

****The Rowlatt Act (1919):****

- Allowed detention without trial for up to two years.
- Restrictions on civil liberties.
- Jallianwala Bagh Massacre (13 April 1919): General Dyer fired on a peaceful gathering in Amritsar.

2. The Non-Cooperation Movement (1921-1922)

****Causes:****

1. Rowlatt Act and Jallianwala Bagh massacre.
2. Khilafat Movement (1919-1924): Muslims protested against the harsh treatment of the Ottoman Caliph.
3. Economic hardship due to British policies.

****Aims:****

- Swaraj (self-rule).
- Non-cooperation with the British.

****Methods:****

- Surrender of titles and honours.
- Boycott of government institutions (schools, colleges, law courts).
- Boycott of foreign goods.
- Refusal to pay taxes.
- Use of khadi (hand-spun cloth).

****Khilafat Movement:****

- Led by the Ali Brothers (Maulana Mohammad Ali and Maulana Shaukat Ali).
- Gandhi supported the Khilafat cause.

****Chauri Chaura Incident (1922):****

- In Uttar Pradesh, a mob set fire to a police station, killing 22 policemen.
- Gandhi called off the Non-Cooperation Movement.

3. Civil Disobedience Movement (1930-1934)

****Causes:****

1. Failure of the Simon Commission (1928): All-white commission; Indians protested.
2. Demand for Dominion Status: Nehru Report (1928) demanded Dominion Status.
3. Lahore Session of Congress (1929): Purna Swaraj (complete independence) declared.
4. Salt March (Dandi March): Gandhi marched to Dandi to break the salt law.

****Salt March (12 March - 6 April 1930):****

- Gandhi walked 240 miles from Sabarmati Ashram to Dandi.
- He made salt illegally, breaking the British salt law.
- This was a symbolic protest against colonial oppression.

****Methods:****

- Boycott of foreign goods.
- Non-payment of taxes.

- Defiance of forest laws.
- Picketing of liquor shops.

****Government Response:****

- Mass arrests of Congress leaders.
- Gandhi was arrested.
- Repressive measures.

****Gandhi-Irwin Pact (1931):****

- Gandhi agreed to call off the Civil Disobedience Movement.
- The government agreed to release political prisoners.
- The Round Table Conferences were held in London.

4. The Quit India Movement (1942)

****Causes:****

1. Failure of the Cripps Mission (1942): The British failed to resolve the Indian demand for independence.
2. World War II: Britain declared India a participant without consulting Indian leaders.
3. Severe economic hardship.

****Launch:****

- The Congress passed the Quit India Resolution on 8 August 1942.
- Gandhi gave the slogan "Do or Die".

****Government Response:****

- The entire Congress leadership was arrested.
- Violent protests broke out across India.
- British used brutal force to suppress the movement.

****Significance:****

- It was the final mass movement for independence.
- It demonstrated the strength of Indian nationalism.

5. The Role of Mahatma Gandhi

****Gandhi's Methods:****

- ****Satyagraha:**** Truth and non-violent resistance.
- ****Ahimsa:**** Non-violence.
- ****Non-Cooperation:**** Refusing to cooperate with the British.

- **Civil Disobedience:** Breaking unjust laws.

Key Events Led by Gandhi:

1. Champaran Satyagraha (1917): For indigo farmers in Bihar.
2. Kheda Satyagraha (1918): For farmers in Gujarat.
3. Ahmedabad Mill Strike (1918): For workers.
4. Non-Cooperation Movement (1921-22).
5. Civil Disobedience Movement (1930-34).
6. Quit India Movement (1942).

6. The Sense of Collective Belonging

Factors that Created Nationalism:

1. **History and Culture:** Shared historical experiences and cultural heritage.
2. **National Symbols:** The national flag, anthem, and symbols created unity.
3. **Literature and Media:** Newspapers, novels, and songs spread nationalist ideas.
4. **Revival of Folk Traditions:** Folk songs and dances promoted national pride.
5. **The Role of the Congress Party:** Unified Indians under a single leadership.

Examples:

- **Bankim Chandra Chattopadhyay:** Wrote "Vande Mataram".
- **Rabindranath Tagore:** Wrote the national anthem "Jana Gana Mana".
- **Bharat Mata:** A symbol of the motherland.
- **National Flag:** Designed by Mahatma Gandhi; the tricolour symbolised unity.

IMPORTANT QUESTIONS

Very Short Answer (1-2 marks):

1. What was the Rowlatt Act?
2. What was the Khilafat Movement?
3. What was the Dandi March?
4. What was the Quit India Movement?
5. What is Satyagraha?

Short Answer (3 marks):

1. Explain the impact of the First World War on India.
2. Describe the Non-Cooperation Movement.
3. What was the Civil Disobedience Movement? Explain its significance.
4. Explain the role of Mahatma Gandhi in the Indian freedom struggle.
5. How did the sense of collective belonging develop in India?

****Long Answer (5 marks):****

1. Trace the course of the Non-Cooperation Movement. Why was it called off?
2. Describe the Civil Disobedience Movement. What were its causes and effects?
3. Explain the Quit India Movement. What was its significance?
4. Analyse the role of Mahatma Gandhi in the Indian national movement.
5. How did national symbols and folk traditions contribute to the sense of collective belonging in India?

****Case-Based Question:****

Read the following and answer:

"Mahatma Gandhi led the Dandi March from Sabarmati Ashram to Dandi to break the salt law."

- (i) When did the Dandi March take place?
- (ii) Why was the salt law chosen as a target of protest?
- (iii) What was the significance of the Dandi March?
- (iv) What was the outcome of the Civil Disobedience Movement?

CHAPTER 3: THE MAKING OF A GLOBAL WORLD (Subtopics 1 to 1.3 only)

1. The Pre-Modern World

****A. The Silk Routes:****

- Connected Asia, Europe, and Africa.
- Used for trade of silk, spices, textiles, and other goods.
- Also facilitated the spread of ideas, cultures, and technologies.
- ****Key Items:**** Chinese silk, Indian spices, Roman glass, Arabian horses.
- ****Buddhism:**** Spread from India to China via the Silk Routes.
- ****Islam:**** Spread through trade routes.

****B. Food Travels:****

- ****Spices:**** Were traded from Asia to Europe.
- ****Potato, Maize, and Tomato:**** Originated in the Americas and spread to other parts of the world (known as the Columbian Exchange).
- ****Cattle and Pigs:**** Brought to the Americas by Europeans.

****C. The Spread of Disease:****

- ****Smallpox:**** Brought to the Americas by Europeans; devastated native populations.
- ****The Conquest of the Americas:**** Disease played a significant role in the European conquest.
- ****Irish Famine:**** In the 19th century, a potato blight led to massive famine and migration.

****D. The Movement of People:****

- ****Slave Trade:**** Africans were transported to the Americas as slaves.
- ****Convicts:**** European convicts were sent to colonies as labourers.
- ****Migrants:**** People moved for trade, work, and settlement.

2. The Nineteenth Century (1815-1914)

****A. The World Economy Takes Shape:****

- ****Industrialisation:**** Increased production of goods.
- ****Colonialism:**** European powers established colonies to supply raw materials and markets.
- ****Free Trade:**** Britain promoted free trade after the Industrial Revolution.
- ****Corn Laws:**** Britain abolished the Corn Laws (restrictions on wheat imports) in 1846; food became cheaper.

****B. Technology and Trade:****

- ****Railways:**** Helped in the transport of goods and people.
- ****Steamships:**** Made transport faster and cheaper.
- ****Telegraph:**** Enabled faster communication.
- ****The Suez Canal (1869):**** Shortened the route from Europe to Asia; increased trade.

****C. Late Nineteenth Century Colonialism:****

- ****Russo-Japanese War (1904-05):**** Japan defeated Russia; demonstrated that an Asian power could defeat a European power.
- ****Scramble for Africa:**** European powers divided Africa among themselves.
- ****The Opium Trade:****
 - Britain exported opium to China.
 - Opium Wars (1839-42 and 1856-60) resulted in Chinese defeat.
 - Hong Kong was ceded to Britain.
- ****Trade in Tea, Sugar, and Indigo:****
 - These were grown in colonies and exported to Europe.

****D. The Role of the Indian Ocean:****

- ****Before the Suez Canal:**** The Indian Ocean trade was very active.
- ****After the Suez Canal:**** European trade with Asia increased.
- ****Indian merchants and bankers:**** Played a significant role in trade.

3. Conquest, Disease and Trade

****A. The Spanish Conquest of the Americas:****

- **Conquistadors:** Spanish conquerors defeated the Aztec and Inca empires.
- **Disease:** Smallpox and other diseases killed millions of native people.
- **Encomienda System:** Spaniards were given control over native labour.

B. The Portuguese in India:

- **Vasco da Gama:** Reached India in 1498.
- **Goa:** Portuguese established a colony in Goa.
- **Spice Trade:** Portuguese controlled the spice trade for a while.

C. British Conquest of India:

- **East India Company:** Established trading posts in India.
- **Battle of Plassey (1757):** British defeated the Nawab of Bengal.
- **British Empire in India:** India became a British colony.

IMPORTANT QUESTIONS

Very Short Answer (1-2 marks):

1. What were the Silk Routes?
2. What was the Columbian Exchange?
3. What was the significance of the Suez Canal?
4. What were the Corn Laws?
5. What was the Opium War?

Short Answer (3 marks):

1. Explain the role of the Silk Routes in the pre-modern world.
2. Describe the impact of disease on the Americas.
3. What was the Indian Ocean trade? Explain its significance.
4. Explain the concept of free trade and its impact in the 19th century.
5. How did technology affect trade in the 19th century?

Long Answer (5 marks):

1. Describe the economic and social changes brought about by colonialism in the 19th century.
2. Explain the role of trade in the making of a global world before the 19th century.
3. What was the impact of the Opium Wars on China?
4. How did the Industrial Revolution affect global trade patterns?

Case-Based Question:

Read the following and answer:

"The Spanish conquistadors brought smallpox to the Americas. This disease devastated the native populations."

- (i) What was smallpox?

- (ii) Why were native populations so vulnerable to diseases like smallpox?
- (iii) What was the impact of the Spanish conquest on the Americas?
- (iv) What was the Encomienda system?

CHAPTER 4: PRINT CULTURE AND THE MODERN WORLD

1. The Print Revolution

A. The Beginning of Print in China:

- **Woodblock Printing:** Invented in China around the 6th century.
- **Buddhist Texts:** Printed in large numbers.
- **The first printed book:** "The Diamond Sutra" (868 AD).
- **China:** Also developed movable type printing but did not adopt it widely.

B. Print in Europe:

- **Johannes Gutenberg:** Invented the printing press in the 1430s.
- **Gutenberg Bible:** The first printed book in Europe (1455).
- **The Printing Press:**
 - Introduced in Germany in the 15th century.
 - Spread to other parts of Europe.
 - Made books cheaper and more accessible.

C. The Impact of the Print Revolution:

1. **Increased Production:** More books were produced faster.
2. **Cheaper Books:** Books became affordable for the common people.
3. **Spread of Literacy:** More people learned to read.
4. **Spread of Ideas:** Scientific, religious, and political ideas spread rapidly.
5. **Protestant Reformation:** Martin Luther's ideas spread through printed pamphlets.
6. **Scientific Revolution:** Scientific knowledge was shared widely.
7. **The Enlightenment:** Philosophers wrote books that challenged traditional ideas.

2. Print Culture and the New Worlds

A. The Reading Public:

- **Bookshops:** Became centres of intellectual discussion.
- **Libraries:** Public and private libraries were established.
- **Newspapers and Magazines:** Became popular in the 18th and 19th centuries.

****B. Religious Debates:****

- ****Martin Luther:**** Used the printing press to spread his ideas against the Catholic Church.
- ****The Reformation:**** Led to the division of Christianity into Catholicism and Protestantism.
- ****The Church:**** The Catholic Church tried to censor books (Index of Prohibited Books).

****C. Science and the Enlightenment:****

- ****Scientific Books:**** Copernicus, Galileo, Newton, and others shared their theories.
- ****Enlightenment:**** Philosophers (Locke, Rousseau, Voltaire) wrote about reason, liberty, and democracy.
- ****The Encyclopaedia:**** A collective project that compiled all knowledge.

3. Print in India

****A. The Beginnings of Print:****

- ****Portuguese Missionaries:**** Brought printing to India in the 16th century.
- ****First Printing Press:**** Set up in Goa in 1556.
- ****East India Company:**** Established printing presses in India.
- ****The first Indian newspapers:****
 - ****Bengal Gazette (1780):**** The first newspaper in India, edited by James Augustus Hickey.

****B. Religious Texts:****

- ****The Ramayana and Mahabharata:**** Were printed in various Indian languages.
- ****The Quran and Bible:**** Were also printed.

****C. Social Reform:****

- ****Raja Rammohan Roy:**** Used newspapers to fight against social evils.
- ****Social Reform Movements:**** Used print to spread their message.
- ****Nationalist Movement:**** Newspapers played a key role in spreading nationalist ideas.

****D. The Role of Women:****

- ****Women and Print:**** Women became readers and writers.
- ****Educational Books:**** Printed books for women's education.
- ****Pandita Ramabai:**** Wrote about women's conditions.

****E. The Contribution of the Printing Press in the Nationalist Movement:****

- ****Swadeshi Movement:**** Newspapers promoted the use of Indian goods.
- ****Emergency (1975-77):**** Press censorship during the emergency.
- ****Freedom of Press:**** An important right.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. Who invented the printing press?
2. What was the Gutenberg Bible?
3. What was the "Index of Prohibited Books"?
4. When was the first printing press set up in India?
5. Name the first newspaper in India.

****Short Answer (3 marks):****

1. Explain the impact of the print revolution on Europe.
2. How did the printing press help in the spread of the Reformation?
3. What was the role of newspapers in the Indian national movement?
4. Describe the role of women in print culture.
5. How did the printing press contribute to the spread of ideas?

****Long Answer (5 marks):****

1. Describe the development of print culture in India.
2. Explain the impact of the printing press on religious and social reforms.
3. How did the printing press contribute to the growth of nationalism in India?
4. Analyse the role of print culture in the modern world.

****Case-Based Question:****

Read the following and answer:

"Martin Luther used the printing press to spread his ideas against the Catholic Church."

- (i) Who was Martin Luther?
- (ii) What was the Reformation?
- (iii) How did the printing press help Luther?
- (iv) What was the Catholic Church's response to the spread of Protestant ideas?

GEOGRAPHY (CONTEMPORARY INDIA - II)

CHAPTER 1: RESOURCES AND DEVELOPMENT

1. Resources: Definition and Classification

****Definition:**** Everything available in our environment that can be used to satisfy our needs, provided it is technologically accessible, economically feasible, and culturally acceptable.

****Classification of Resources:****

****A. On the Basis of Origin:****

- ****Biotic Resources:**** Obtained from the biosphere (e.g., forests, wildlife, livestock).
- ****Abiotic Resources:**** Non-living (e.g., minerals, rocks, water, air).

****B. On the Basis of Exhaustibility:****

- ****Renewable Resources:**** Can be replenished (e.g., solar energy, wind, water, forests).
- ****Non-Renewable Resources:**** Cannot be replenished (e.g., fossil fuels, minerals).

****C. On the Basis of Ownership:****

- ****Individual Resources:**** Owned by individuals (e.g., land, house).
- ****Community Resources:**** Owned by the community (e.g., village ponds, public parks).
- ****National Resources:**** Owned by the nation (e.g., forests, wildlife, minerals).
- ****International Resources:**** Regulated by international bodies (e.g., oceanic resources beyond territorial waters).

****D. On the Basis of Status of Development:****

- ****Potential Resources:**** Resources whose quantity is unknown but can be used (e.g., solar energy in Rajasthan).
- ****Developed Resources:**** Resources whose quantity and quality are known and are being used.
- ****Reserve Resources:**** A subset of developed resources that can be used in the future.
- ****Stock Resources:**** Resources that are not yet used due to lack of technology.

2. Sustainable Development

****Definition:**** Development that meets the needs of the present without compromising the ability of future generations to meet their own needs.

****Agenda 21:**** A global plan of action for sustainable development adopted at the Earth Summit (1992) in Rio de Janeiro.

****Principles of Sustainable Development:****

- Respect and care for all life forms.
- Improve the quality of human life.
- Conserve Earth's vitality and diversity.
- Minimise the depletion of natural resources.

3. Land Resources

****Total Land Area of India:**** 3.28 million sq. km.

****Land Utilisation Categories:****

1. ****Net Sown Area:**** Land on which crops are grown.
2. ****Forest Area:**** Land under forests.
3. ****Land Not Available for Cultivation:**** Includes barren land, land used for non-agricultural purposes.
4. ****Other Uncultivated Land:**** Includes pastures, grazing land, and fallow land.
5. ****Fallow Land:**** Land left uncultivated for one or more years.

****Land Use Pattern in India:****

- ****Net Sown Area:**** About 46.24% of the total area.
- ****Forest Area:**** About 23.8% (lower than the desired 33%).
- ****Waste Land:**** About 6.3%.
- ****Area under Non-Agricultural Use:**** About 7.6%.

****Land Degradation:****

- ****Causes:**** Deforestation, overgrazing, mining, excessive use of fertilisers, industrial waste.
- ****Effects:**** Loss of soil fertility, desertification, soil erosion.

****Conservation of Land Resources:****

- Afforestation.
- Controlled grazing.
- Proper irrigation.
- Terrace farming.
- Shelter belts.

4. Soil Resources

****Soil:**** The uppermost layer of the earth's crust, formed by the weathering of rocks and the decomposition of organic matter.

****Factors Influencing Soil Formation:****

- Parent rock material.
- Climate (temperature, rainfall).
- Relief (slope, altitude).
- Time.
- Flora and fauna.

****Types of Soils in India:****

****A. Alluvial Soil:****

- ****Distribution:**** Northern plains, river valleys.
- ****Nature:**** Most fertile; rich in potash, phosphoric acid, and lime.
- ****Crops:**** Rice, wheat, sugarcane, cotton.

****B. Black Soil (Regur Soil):****

- ****Distribution:**** Deccan Plateau (Maharashtra, Madhya Pradesh, Gujarat).
- ****Nature:**** Fertile; retains moisture; rich in lime, iron, magnesium, and alumina.
- ****Crops:**** Cotton, sugarcane, tobacco.

****C. Red and Yellow Soils:****

- ****Distribution:**** Eastern and southern parts of the Deccan Plateau.
- ****Nature:**** Poor in nutrients; deficient in nitrogen, phosphorus, and humus.
- ****Crops:**** Millet, groundnut, potato.

****D. Laterite Soil:****

- ****Distribution:**** Western Ghats, Eastern Ghats.
- ****Nature:**** Leached soil; poor in organic matter; rich in iron and aluminium.
- ****Crops:**** Tea, coffee, cashew.

****E. Arid Soil:****

- ****Distribution:**** Rajasthan, Gujarat, Haryana.
- ****Nature:**** Sandy; low moisture; poor in humus.
- ****Crops:**** Wheat, pulses, cotton.

****F. Forest Soil:****

- ****Distribution:**** Hilly and forested areas.
- ****Nature:**** Rich in humus; acidic.
- ****Crops:**** Tea, coffee, spices.

****Soil Erosion:****

- ****Causes:**** Deforestation, overgrazing, wind, water.
- ****Types:****
 - ****Sheet Erosion:**** Removal of the top layer of soil.
 - ****Gully Erosion:**** Formation of deep channels.
 - ****Wind Erosion:**** Soil particles carried away by wind.
- ****Prevention:**** Afforestation, contour ploughing, terrace farming, shelter belts, crop rotation.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. Define resources.
2. What is sustainable development?
3. What is Agenda 21?
4. Name the different types of soil found in India.
5. What is land degradation?

****Short Answer (3 marks):****

1. Classify resources on the basis of origin, exhaustibility, and ownership.
2. Explain the land use pattern in India.
3. Describe the factors influencing soil formation.
4. Explain the process of soil erosion and its prevention.
5. What are the major types of soil in India? Describe any two.

****Long Answer (5 marks):****

1. Explain the classification of resources with examples.
2. Describe the different types of soils found in India and their distribution.
3. What is sustainable development? Explain its importance.
4. Discuss the causes and consequences of land degradation in India.

****Case-Based Question:****

Read the following and answer:

"Land is a natural resource of utmost importance. It supports natural vegetation, wildlife, human life, and economic activities."

- (i) Why is land considered an important resource?
- (ii) What is the land use pattern in India?
- (iii) What are the causes of land degradation?
- (iv) Suggest measures to conserve land resources.

CHAPTER 2: FOREST AND WILDLIFE RESOURCES

1. Biodiversity and Its Importance

****Biodiversity:**** The variety of plants, animals, and microorganisms living in a particular area.

****Importance of Biodiversity:****

- Maintains ecological balance.
- Provides food, medicine, and raw materials.
- Supports livelihoods.
- Cultural and aesthetic value.

****India's Biodiversity:****

- One of the 17 mega-diverse countries.
- Has about 8% of the world's species.
- 47,000 plant species and 90,000 animal species.

2. Types of Vegetation in India

****A. Tropical Rainforests (Evergreen Forests):****

- ****Regions:**** Western Ghats, Northeast India.
- ****Characteristics:**** Dense; trees have broad leaves; evergreen.
- ****Examples:**** Ebony, mahogany, rosewood.

****B. Tropical Deciduous Forests (Monsoon Forests):****

- ****Regions:**** Most of India.
- ****Characteristics:**** Trees shed leaves in the dry season.
- ****Types:****
 - ****Moist Deciduous:**** Teak, sal, sandalwood.
 - ****Dry Deciduous:**** Cactus, thorny bushes.

****C. Thorn Forests:****

- ****Regions:**** Rajasthan, Gujarat, Haryana.
- ****Characteristics:**** Sparse; thorny trees; adapted to dry conditions.
- ****Examples:**** Kikar, babool, date palms.

****D. Montane Forests:****

- ****Regions:**** Himalayan region.
- ****Characteristics:**** Vegetation varies with altitude.
- ****Examples:**** Pine, oak, rhododendron.

****E. Mangrove Forests:****

- ****Regions:**** Coastal areas (Sunderbans, Andaman & Nicobar).
- ****Characteristics:**** Salt-tolerant; protect coastlines.
- ****Examples:**** Sundari, Rhizophora.

3. Wildlife Resources in India

****Species Diversity:****

- Mammals: 400 species.
- Birds: 1,200 species.

- Reptiles: 400 species.
- Amphibians: 200 species.

****Threatened Species:****

- ****Endangered:**** Tiger, lion, elephant, rhino, crocodile, leopard.
- ****Vulnerable:**** Snow leopard, brown bear, pangolin.
- ****Rare:**** Great Indian bustard, musk deer.

4. Conservation of Forests and Wildlife

****A. Government Initiatives:****

- ****Indian Wildlife Protection Act (1972):**** Provides legal protection to wildlife.
- ****Project Tiger (1973):**** To protect tigers and their habitat.
- ****Project Elephant (1992):**** To protect elephants.
- ****National Parks and Sanctuaries:****
 - ****National Parks:**** Protected areas where hunting and grazing are prohibited.
 - ****Wildlife Sanctuaries:**** Protected areas where hunting is prohibited, but some activities are allowed.
 - ****Biosphere Reserves:**** Areas that preserve biodiversity and promote sustainable development.

****B. Community Participation:****

- ****Joint Forest Management (JFM):**** Local communities and the forest department work together to manage forests.
- ****Chipko Movement:**** Women in Uttarakhand hugged trees to prevent deforestation.
- ****Silent Valley Movement:**** Protected the Silent Valley forest in Kerala.

****C. Conservation Strategies:****

- Afforestation.
- Controlling deforestation.
- Preventing poaching.
- Protecting habitats.
- Awareness campaigns.

5. Types of Forests Based on Administration

- ****Reserved Forests:**** Most protected; illegal activities are prohibited.
- ****Protected Forests:**** Some activities are allowed with permission.
- ****Unclassed Forests:**** Not protected; open to use.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is biodiversity?
2. What is Project Tiger?
3. Name the different types of forests in India.
4. What is a biosphere reserve?
5. What is the Chipko Movement?

****Short Answer (3 marks):****

1. Explain the importance of biodiversity.
2. Describe the different types of vegetation found in India.
3. What are the threats to wildlife in India?
4. Describe the role of the government in conserving forests and wildlife.
5. How can community participation help in forest conservation?

****Long Answer (5 marks):****

1. Describe the various types of forests found in India with examples.
2. Explain the conservation measures taken by the Indian government to protect wildlife.
3. Discuss the role of local communities in forest conservation.
4. What are the causes of deforestation? Suggest measures to prevent it.

****Case-Based Question:****

Read the following and answer:

"Project Tiger was launched in 1973 to protect tigers in India."

- (i) Why was Project Tiger launched?
- (ii) What are the objectives of Project Tiger?
- (iii) How has Project Tiger helped in tiger conservation?
- (iv) What are the other wildlife protection initiatives in India?

CHAPTER 3: WATER RESOURCES

1. Water Scarcity

****Definition:**** Lack of sufficient water to meet the needs of a region.

****Causes of Water Scarcity:****

1. **Overpopulation:** Increased demand for water.
2. **Urbanisation:** Increased water consumption.
3. **Industrialisation:** Industries use large amounts of water and pollute water sources.
4. **Agriculture:** Irrigation consumes a lot of water.
5. **Water Pollution:** Contaminates water sources.
6. **Climate Change:** Changes in rainfall patterns.
7. **Deforestation:** Reduces water retention.
8. **Overexploitation:** Excessive withdrawal of groundwater.

2. Multipurpose River Projects

Definition: Projects that serve multiple purposes, such as irrigation, power generation, flood control, and navigation.

Advantages:

- Irrigation for agriculture.
- Hydroelectric power generation.
- Flood control.
- Navigation.
- Fisheries development.
- Tourism.

Disadvantages:

- Displacement of people.
- Loss of biodiversity.
- Environmental degradation.
- Siltation of dams.

Examples:

1. **Bhakra Nangal Project (Punjab/Himachal Pradesh):**
 - One of the largest multipurpose projects in India.
 - Provides irrigation and hydroelectric power.
2. **Damodar Valley Project (Jharkhand/West Bengal):**
 - Controls floods in the Damodar River basin.
3. **Hirakud Dam (Odisha):**
 - Built on the Mahanadi River.
4. **Nagpur Dam (Maharashtra):**
 - Built on the Nag River.
5. **Tehri Dam (Uttarakhand):**
 - Built on the Bhagirathi River.

3. Water Conservation Methods

A. Rainwater Harvesting:

- Collecting and storing rainwater for future use.
- **Traditional Methods:**
 - **Kunds:** Circular tanks.
 - **Bawdis:** Stepwells.
 - **Tankas:** Underground tanks.
 - **Johads:** Earthen check dams.

B. Groundwater Recharge:

- Replenishing groundwater through percolation pits, recharge wells, and check dams.

C. Watershed Management:

- Managing the entire watershed (area drained by a river) to conserve water and prevent erosion.

D. Other Methods:

- Drip irrigation (saving water in agriculture).
- Sprinkler irrigation.
- Recycling and reuse of water.
- Water-efficient appliances.

IMPORTANT QUESTIONS

Very Short Answer (1-2 marks):

1. What is water scarcity?
2. What are multipurpose river projects?
3. Name any two multipurpose river projects in India.
4. What is rainwater harvesting?
5. What is watershed management?

Short Answer (3 marks):

1. Explain the causes of water scarcity in India.
2. What are the advantages and disadvantages of multipurpose river projects?
3. Describe the traditional methods of rainwater harvesting in India.
4. How can groundwater be recharged?
5. Explain the importance of water conservation.

Long Answer (5 marks):

1. Describe the various multipurpose river projects in India and their significance.

2. What is water scarcity? Explain its causes and suggest measures to conserve water.
3. Discuss the role of traditional rainwater harvesting in India.
4. Explain the concept of watershed management and its importance.

****Case-Based Question:****

Read the following and answer:

"Rainwater harvesting is an age-old practice in India. It helps in conserving water and recharging groundwater."

- (i) What is rainwater harvesting?
- (ii) What are the traditional methods of rainwater harvesting in India?
- (iii) How does rainwater harvesting help in water conservation?
- (iv) What is the importance of groundwater recharge?

CHAPTER 4: AGRICULTURE

1. Importance of Agriculture

- ****Largest sector in India:**** Provides livelihood to more than 50% of the population.
- ****Contribution to GDP:**** About 14-15%.
- ****Provider of Food:**** Ensures food security.
- ****Supplies Raw Material:**** For various industries (textiles, sugar, etc.).
- ****Exports:**** Agricultural products are a major source of foreign exchange.

2. Types of Farming

****A. Primitive Subsistence Farming:****

- ****Characteristics:**** Simple tools, dependence on natural factors, low productivity.
- ****Examples:**** Shifting cultivation (Jhumming in Northeast India).

****B. Intensive Subsistence Farming:****

- ****Characteristics:**** High labour inputs, high use of fertilisers, high productivity.
- ****Used in:**** Densely populated areas.

****C. Commercial Farming:****

- ****Characteristics:**** Large-scale production, use of modern technology, market-oriented.
- ****Examples:**** Plantation agriculture (tea, coffee, rubber).

****D. Plantation Agriculture:****

- ****Characteristics:**** Labour-intensive, large estates, commercial crops.
- ****Examples:**** Tea, coffee, rubber, sugarcane.

3. Cropping Seasons in India

****A. Kharif Season (Rainy Season):****

- ****Sowing:**** June-July.
- ****Harvesting:**** September-October.
- ****Crops:**** Rice, maize, jowar, bajra, cotton, jute, groundnut.

****B. Rabi Season (Winter Season):****

- ****Sowing:**** October-December.
- ****Harvesting:**** April-June.
- ****Crops:**** Wheat, barley, gram, mustard, peas, linseed.

****C. Zaid Season (Summer Season):****

- ****Sowing:**** April-June.
- ****Harvesting:**** June-July.
- ****Crops:**** Watermelon, cucumber, moong.

4. Major Crops of India

****A. Food Crops:****

****Rice:****

- ****Conditions:**** High temperature, high rainfall.
- ****States:**** West Bengal, Uttar Pradesh, Punjab, Tamil Nadu, Andhra Pradesh.
- ****India:**** Second largest producer of rice.

****Wheat:****

- ****Conditions:**** Cool weather, moderate rainfall.
- ****States:**** Uttar Pradesh, Punjab, Haryana, Madhya Pradesh.
- ****India:**** Second largest producer of wheat.

****Maize:****

- ****Conditions:**** Moderate temperature, rainfall.
- ****States:**** Karnataka, Madhya Pradesh, Uttar Pradesh, Bihar.
- ****Uses:**** Food, fodder, industrial use.

****B. Cash Crops:****

****Sugarcane:****

- ****Conditions:**** High temperature, heavy rainfall.
- ****States:**** Uttar Pradesh, Maharashtra, Karnataka, Tamil Nadu.
- ****India:**** Largest producer of sugarcane.

****Cotton:****

- ****Conditions:**** High temperature, black soil.
- ****States:**** Maharashtra, Gujarat, Punjab, Haryana, Tamil Nadu.
- ****India:**** Second largest producer of cotton.

****Jute:****

- ****Conditions:**** High temperature, high rainfall, alluvial soil.
- ****States:**** West Bengal, Bihar, Assam, Odisha.
- ****India:**** Largest producer of jute.

****Tea:****

- ****Conditions:**** High rainfall, high humidity, well-drained soil.
- ****States:**** Assam, West Bengal, Tamil Nadu, Kerala.
- ****India:**** Largest producer of tea.

****Coffee:****

- ****Conditions:**** Moderate rainfall, well-drained soil.
- ****States:**** Karnataka, Kerala, Tamil Nadu.

****Rubber:****

- ****Conditions:**** High temperature, high rainfall.
- ****States:**** Kerala, Tamil Nadu, Karnataka.

5. Challenges in Agriculture

****A. Land Reforms:****

- Ceiling on land holdings.
- Consolidation of land.

****B. Irrigation:****

- Inadequate and uneven distribution.
- Dependence on monsoons.

****C. Use of Fertilizers and Pesticides:****

- Overuse causes soil degradation and water pollution.

- Overuse of fertilisers reduces soil fertility.

****D. Storing and Marketing:****

- Inadequate storage facilities.
- Fluctuating prices.

****E. Globalisation:****

- Competition from global markets.

****F. Climate Change:****

- Erratic rainfall, droughts, floods.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is the importance of agriculture in India?
2. Name the cropping seasons in India.
3. What are the Kharif crops?
4. What are the Rabi crops?
5. Which state is the largest producer of sugarcane?

****Short Answer (3 marks):****

1. Describe the different types of farming in India.
2. Explain the cropping seasons in India with examples.
3. What are the major food crops of India?
4. Describe the challenges faced by Indian agriculture.
5. Explain the importance of plantation agriculture in India.

****Long Answer (5 marks):****

1. Describe the major crops of India and the regions where they are grown.
2. What are the challenges faced by Indian agriculture? How can they be overcome?
3. Explain the different types of farming in India with examples.
4. Analyse the role of agriculture in the Indian economy.

****Case-Based Question:****

Read the following and answer:

"India is the second-largest producer of rice in the world. Rice is a Kharif crop."

- (i) What are the conditions required for rice cultivation?
- (ii) Which are the major rice-producing states in India?
- (iii) What is the importance of rice in India?
- (iv) What are the other Kharif crops?

CHAPTER 5: MINERALS AND ENERGY RESOURCES

1. Minerals: Definition and Classification

****Mineral:**** A homogeneous, naturally occurring substance with a definable internal structure.

****Classification of Minerals:****

****A. Metallic Minerals:****

- ****Ferrous Minerals:**** Contain iron (e.g., iron ore, manganese).
- ****Non-Ferrous Minerals:**** Do not contain iron (e.g., copper, bauxite, lead, zinc).
- ****Precious Metals:**** Gold, silver, platinum.

****B. Non-Metallic Minerals:****

- Examples: Limestone, mica, salt, coal, petroleum.

****C. Energy Minerals:****

- Examples: Coal, petroleum, natural gas.

2. Important Minerals in India

****A. Iron Ore:****

- ****Types:****
 - ****Haematite:**** Best quality; 60-70% iron.
 - ****Magnetite:**** Good quality; 70% iron.
- ****Major Producing States:**** Odisha, Jharkhand, Chhattisgarh, Karnataka, Goa.

****B. Manganese:****

- ****Uses:**** Making steel and alloys.
- ****Major Producing States:**** Odisha, Karnataka, Madhya Pradesh, Maharashtra.

****C. Copper:****

- ****Uses:**** Electrical and electronic industries.
- ****Major Producing States:**** Rajasthan, Madhya Pradesh, Jharkhand.

****D. Bauxite:****

- ****Uses:**** Making aluminium.

- **Major Producing States:** Odisha, Gujarat, Jharkhand, Maharashtra.

E. Mica:

- **Uses:** Electrical and electronic industries (insulator).

- **Major Producing States:** Jharkhand, Rajasthan, Andhra Pradesh, Tamil Nadu.

F. Limestone:

- **Uses:** Making cement, iron and steel.

- **Major Producing States:** Andhra Pradesh, Rajasthan, Gujarat, Madhya Pradesh.

3. Energy Resources

A. Conventional Sources of Energy:

Coal:

- **Types:**

- **Anthracite:** Best quality.

- **Bituminous:** Good quality.

- **Lignite:** Low quality.

- **Peat:** Poor quality.

- **Major Producing States:** Jharkhand, Chhattisgarh, Odisha, West Bengal, Madhya Pradesh.

- **Uses:** Power generation, iron and steel, railways.

Petroleum (Mineral Oil):

- **Major Producing States:** Assam, Gujarat, Maharashtra (Mumbai High).

- **Uses:** Fuel, lubricants, raw material for petrochemicals.

Natural Gas:

- **Major Producing States:** Assam, Gujarat, Andhra Pradesh, Tamil Nadu.

- **Uses:** Fuel, fertilizer, power generation.

B. Non-Conventional Sources of Energy:

Solar Energy:

- **Uses:** Electricity generation, water heating.

- **Advantages:** Pollution-free; inexhaustible.

Wind Energy:

- **Uses:** Electricity generation.

- **Major Locations:** Tamil Nadu, Gujarat, Maharashtra, Karnataka.

Hydroelectric Power:

- **Uses:** Electricity generation.
- **Major Dams:** Bhakra Nangal, Hirakud, Damodar Valley.

Nuclear Energy:

- **Uses:** Electricity generation.
- **Major Locations:** Tarapur (Maharashtra), Narora (Uttar Pradesh), Kalpakkam (Tamil Nadu), Kakrapar (Gujarat).

Biogas:

- **Uses:** Cooking, lighting.
- **Advantages:** Produced from organic waste; eco-friendly.

Tidal Energy:

- **Uses:** Electricity generation.
- **Potential:** Gulf of Khambhat, Gulf of Kutch.

Geothermal Energy:

- **Uses:** Electricity generation.
- **Potential:** Manikaran (Himachal Pradesh), Puga (Ladakh).

4. Conservation of Minerals and Energy Resources

Conservation of Minerals:

1. Reduce wasteful use.
2. Recycling and reuse.
3. Use of substitutes.
4. Efficient mining techniques.

Conservation of Energy Resources:

1. Use of renewable resources.
2. Energy-efficient appliances.
3. Public transport.
4. Switching off appliances when not in use.
5. Use of CFL/LED bulbs.

IMPORTANT QUESTIONS

Very Short Answer (1-2 marks):

1. What are metallic minerals? Give examples.
2. Name the two types of iron ore.

3. What are non-metallic minerals? Give examples.
4. Name the major coal-producing states in India.
5. What are non-conventional sources of energy?

****Short Answer (3 marks):****

1. Classify minerals with examples.
2. Describe the distribution of iron ore in India.
3. What are the conventional and non-conventional sources of energy?
4. Explain the importance of conserving mineral resources.
5. What are the advantages of using non-conventional sources of energy?

****Long Answer (5 marks):****

1. Describe the major minerals found in India and their distribution.
2. Explain the different types of energy resources in India.
3. What are the non-conventional sources of energy? Why are they important?
4. Discuss the conservation of mineral and energy resources in India.

****Case-Based Question:****

Read the following and answer:

"India has large reserves of coal. Coal is the most important source of energy in India."

- (i) What are the different types of coal?
- (ii) Which are the major coal-producing states in India?
- (iii) What are the uses of coal?
- (iv) What are the disadvantages of using coal as a source of energy?

CHAPTER 6: MANUFACTURING INDUSTRIES

1. Importance of Manufacturing

****Definition:**** The process of converting raw materials into finished goods.

****Significance:****

- Modernises agriculture.
- Reduces dependence on primary sector.
- Provides employment.
- Earns foreign exchange.
- Contributes to GDP.

2. Classification of Industries

A. On the Basis of Raw Materials:

- **Agro-Based:** Use agricultural products (e.g., cotton textiles, sugar, jute).
- **Mineral-Based:** Use minerals (e.g., iron and steel, cement).

B. On the Basis of Ownership:

- **Public Sector:** Owned and managed by the government.
- **Private Sector:** Owned and managed by private individuals.
- **Joint Sector:** Owned by both government and private individuals.
- **Cooperative Sector:** Owned by producers or consumers.

C. On the Basis of Size:

- **Large Scale:** Capital intensive, high production (e.g., iron and steel, textiles).
- **Small Scale:** Labour intensive, low production (e.g., handlooms, handicrafts).

3. Major Industries in India

A. Iron and Steel Industry:

- **Significance:** Core industry; provides raw material for other industries.
- **Inputs:** Iron ore, coal, limestone, manganese.
- **Major Plants:**
 - **Bhilai (Chhattisgarh)**
 - **Bokaro (Jharkhand)**
 - **Jamshedpur (Jharkhand)**
 - **Durgapur (West Bengal)**
 - **Rourkela (Odisha)**
 - **Salem (Tamil Nadu)**
 - **Visakhapatnam (Andhra Pradesh)**
- **Problems:** Low productivity, high cost, inadequate technology.

B. Cotton Textile Industry:

- **Significance:** Oldest industry; provides employment.
- **Major Centres:** Mumbai, Surat, Ahmedabad, Coimbatore, Kanpur.
- **Problems:** Outdated machinery, competition from synthetic fibres, shortage of raw cotton.

C. Sugar Industry:

- **Significance:** Major agro-based industry.
- **Major States:** Uttar Pradesh, Maharashtra, Karnataka, Tamil Nadu.
- **Problems:** Seasonal, low recovery rate, transportation costs.

****D. Jute Industry:****

- ****Significance:**** Important for export.
- ****Major States:**** West Bengal, Bihar, Assam, Odisha.
- ****Problems:**** Competition from synthetic fibres.

****E. Cement Industry:****

- ****Significance:**** Key for infrastructure.
- ****Major States:**** Andhra Pradesh, Gujarat, Rajasthan, Tamil Nadu.

****F. Pharmaceutical Industry:****

- ****Significance:**** Growing industry in India.
- ****Major Centres:**** Mumbai, Chennai, Hyderabad, Bengaluru.

4. Factors for the Location of Industries

1. ****Raw Materials:**** Availability of raw materials.
2. ****Labour:**** Availability of skilled and unskilled labour.
3. ****Energy:**** Availability of power.
4. ****Market:**** Proximity to consumers.
5. ****Transport:**** Connectivity.
6. ****Government Policies:**** Incentives and regulations.
7. ****Water:**** Availability of water.

5. Industrial Pollution and Environmental Degradation

****Types of Pollution:****

- ****Air Pollution:**** From chimneys and furnaces.
- ****Water Pollution:**** From industrial effluents.
- ****Noise Pollution:**** From machinery.
- ****Thermal Pollution:**** From hot water discharge.

****Measures to Control Pollution:****

1. Use of cleaner technology.
2. Treatment of waste before disposal.
3. Recycling of waste.
4. Use of scrubbers and electrostatic precipitators.
5. Afforestation.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is manufacturing?
2. Name the major iron and steel plants in India.
3. What are the major cotton textile centres in India?
4. What is industrial pollution?
5. What are the factors influencing the location of industries?

****Short Answer (3 marks):****

1. Explain the importance of the manufacturing sector in India.
2. Describe the iron and steel industry in India.
3. What are the problems faced by the cotton textile industry?
4. How does industrial pollution affect the environment?
5. What measures can be taken to reduce industrial pollution?

****Long Answer (5 marks):****

1. Classify industries with examples.
2. Describe the major industries in India and their distribution.
3. Discuss the factors that influence the location of industries.
4. Explain the impact of industrial pollution and suggest measures to control it.

****Case-Based Question:****

Read the following and answer:

"The iron and steel industry is the backbone of modern industry."

- (i) Why is the iron and steel industry considered the backbone of modern industry?
- (ii) What are the raw materials required for the iron and steel industry?
- (iii) Which are the major iron and steel plants in India?
- (iv) What are the challenges faced by the iron and steel industry in India?

CHAPTER 7: LIFELINES OF NATIONAL ECONOMY (Only Map Work in Board Exam)

1. Transportation and Its Importance

****Importance of Transportation:****

- Connects different regions.
- Facilitates trade and commerce.
- Enables movement of goods and people.
- Supports economic development.

****Types of Transport:****

- ****Roadways:**** Most common and flexible.
- ****Railways:**** Large-scale transportation of goods and people.
- ****Waterways:**** Cheapest for heavy goods.
- ****Airways:**** Fastest but most expensive.
- ****Pipelines:**** For transportation of liquids and gases.

2. Roadways

****Importance:****

- Most flexible mode.
- Connects rural and urban areas.
- Provides door-to-door service.

****Road Types:****

- ****National Highways:**** Connect state capitals and major cities.
- ****State Highways:**** Connect state capitals with district headquarters.
- ****District Roads:**** Connect district headquarters with other areas.
- ****Village Roads:**** Connect villages to the nearest town.

3. Railways

****Importance:****

- Large-scale transportation.
- Facilitates movement of goods and people over long distances.
- Plays a key role in industrial development.

****Indian Railways:****

- Largest railway network in Asia.
- Divided into 16 zones.
- Provides employment.

4. Waterways

****Importance:****

- Cheapest mode.
- Suitable for heavy goods.

- Environmentally friendly.

****Types:****

- ****Inland Waterways:**** Rivers and canals.
 - ****National Waterway 1:**** Ganga-Bhagirathi-Hooghly.
 - ****National Waterway 2:**** Brahmaputra.
 - ****National Waterway 3:**** West Coast Canal (Kerala).
- ****Ocean Routes:**** Coastal shipping and overseas shipping.

****Major Ports:****

- ****Kandla**** (Gujarat)
- ****Mumbai**** (Maharashtra)
- ****Marmagao**** (Goa)
- ****New Mangalore**** (Karnataka)
- ****Kochi**** (Kerala)
- ****Chennai**** (Tamil Nadu)
- ****Visakhapatnam**** (Andhra Pradesh)
- ****Paradip**** (Odisha)
- ****Haldia**** (West Bengal)

5. Airways

****Importance:****

- Fastest mode.
- Suitable for emergency and perishable goods.
- Promotes tourism.

****Major Airports:****

- ****Delhi**** (Indira Gandhi)
- ****Mumbai**** (Chhatrapati Shivaji)
- ****Chennai**** (Meenambakkam)
- ****Kolkata**** (Netaji Subhash Chandra Bose)
- ****Hyderabad**** (Rajiv Gandhi)
- ****Bengaluru**** (Kempegowda)
- ****Amritsar**** (Raja Sansi)

6. Pipelines

****Importance:****

- For transporting liquids and gases.

- Cheap and efficient.
- Reduced transshipment losses.

****Major Pipelines:****

- ****Oil Pipelines:**** From oil fields to refineries.
- ****Natural Gas Pipelines:**** From gas fields to consumers.

7. Communication

****A. Traditional Communication:****

- Letters, telegrams, postal services.

****B. Modern Communication:****

- Telephone, mobile phones, internet, satellite communication.

****Role of Communication:****

- Facilitates trade and commerce.
- Enables quick transmission of information.
- Connects people across distances.

POLITICAL SCIENCE (DEMOCRATIC POLITICS - II)

CHAPTER 1: POWER-SHARING

1. Why Power-Sharing is Necessary

****A. Prudential Reasons:****

- Reduces the possibility of conflict between social groups.
- Ensures political stability.
- Is a key feature of democracy.

****B. Moral Reasons:****

- Recognises the right of every community to participate in governance.
- Is the essence of democracy.

****Forms of Power-Sharing:****

****A. Horizontal Distribution:****

- Power is shared among different organs of government (legislature, executive, judiciary).
- Each organ checks the other (checks and balances).

****B. Vertical Distribution:****

- Power is shared between the central government and state governments (federalism).

****C. Social Groups:****

- Power is shared among different social groups (reservations for SCs, STs, OBCs).

****D. Political Parties and Pressure Groups:****

- Power is shared among different political parties and interest groups.

2. Power-Sharing in Belgium

****Background:****

- ****Ethnic Composition:****
 - 59% Dutch-speaking Flemish.
 - 40% French-speaking Walloons.
 - 1% German-speaking.
- ****Conflict:**** Between French-speaking and Dutch-speaking communities.

****Solution:****

1. ****Equal Representation:**** Both communities have equal representation in the central government.
2. ****State Government:**** Separate governments for each region.
3. ****Brussels:**** Has a separate government where both communities are represented.
4. ****Community Government:**** A third government for cultural and linguistic matters.

****Outcome:**** The accommodation of different communities ensured peace and stability.

3. Power-Sharing in Sri Lanka

****Background:****

- ****Ethnic Composition:****
 - 74% Sinhalese.
 - 18% Tamils (13% Sri Lankan Tamils, 5% Indian Tamils).
 - 8% Muslims.
- ****Conflict:**** Between the Sinhalese majority and the Tamil minority.

****Majoritarian Measures:****

1. Sinhala as the official language.
2. State preference for Sinhalese in education and jobs.
3. Buddhism was promoted.

****Outcome:****

- The Tamil community felt alienated.
- Demand for a separate state (Tamil Eelam).
- Civil war (1983-2009).

****Comparison:****

- ****Belgium:**** Accommodated different communities through power-sharing.
- ****Sri Lanka:**** Majoritarianism led to conflict.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is power-sharing?
2. What is horizontal distribution of power?
3. What is vertical distribution of power?
4. What is the ethnic composition of Belgium?
5. What is the ethnic composition of Sri Lanka?

****Short Answer (3 marks):****

1. Why is power-sharing important in a democracy?
2. Explain the power-sharing arrangement in Belgium.
3. What was the impact of majoritarianism in Sri Lanka?
4. Compare the power-sharing arrangements in Belgium and Sri Lanka.

****Long Answer (5 marks):****

1. What are the forms of power-sharing? Explain with examples.
2. Explain the power-sharing arrangement in Belgium and its significance.
3. What was the impact of the civil war in Sri Lanka? How could it have been avoided?

****Case-Based Question:****

Read the following and answer:

"Belgium and Sri Lanka have different ethnic compositions and different approaches to power-sharing."

- (i) What is the ethnic composition of Belgium?
- (ii) How did Belgium accommodate its diverse communities?

- (iii) What is the ethnic composition of Sri Lanka?
(iv) Why did the Sri Lankan government's policy lead to conflict?

CHAPTER 2: FEDERALISM

1. What is Federalism?

****Definition:**** A system of government where power is divided between a central authority and various constituent units.

****Key Features:****

1. ****Two Levels of Government:**** Central and state.
2. ****Constitutional Division of Power:**** The Constitution defines the powers of each level.
3. ****Financial Autonomy:**** Both levels have their own sources of revenue.
4. ****Supremacy of the Constitution:**** The Constitution is supreme.
5. ****Independent Judiciary:**** Interprets the Constitution and resolves disputes.

2. Types of Federations

****A. Coming Together Federation:****

- Independent states come together to form a larger unit.
- ****Examples:**** USA, Australia, Switzerland.
- ****Features:**** All states have equal power.

****B. Holding Together Federation:****

- A large country decides to divide power between the centre and states.
- ****Examples:**** India, Spain, Belgium.
- ****Features:**** Central government is usually more powerful.

3. Federalism in India

****A. Features of Indian Federalism:****

1. ****Three Levels:**** Central, State, and Local.
2. ****Three Lists:****
 - ****Union List:**** Subjects of national importance (defence, foreign affairs, railways).
 - ****State List:**** Subjects of state importance (police, agriculture, public health).

- **Concurrent List:** Subjects of common interest (education, forests, marriage).
- 3. **Residuary Subjects:** Not mentioned in any list; central government has power.
- 4. **Supremacy of the Constitution:** The Constitution is the supreme law.
- 5. **Independent Judiciary:** The Supreme Court resolves disputes.

B. The Role of the Governor:

- The Governor is the head of the state.
- Appointed by the President.
- Acts as the link between the central and state governments.

C. Emergency Provisions:

- **National Emergency:** Article 352 (external aggression or armed rebellion).
- **State Emergency:** Article 356 (President's Rule).
- **Financial Emergency:** Article 360.

4. Federalism in Practice

A. Challenges to Federalism:

1. **Regional Imbalances:** Unequal development of states.
2. **Linguistic and Cultural Conflicts:** Demands for new states.
3. **Centre-State Relations:** Conflicts over finances and powers.

B. How Federalism Has Been Strengthened:

1. **Linguistic States:** Formation of states based on language (1956).
2. **Coalition Governments:** Increased role of regional parties.
3. **Cooperative Federalism:** Centre and states work together.
4. **Special Status:** Some states have special provisions (Jammu & Kashmir, Article 370).

IMPORTANT QUESTIONS

Very Short Answer (1-2 marks):

1. What is federalism?
2. What are the three lists under the Indian Constitution?
3. What is the Union List?
4. What is the State List?
5. What is Article 356?

Short Answer (3 marks):

1. Explain the features of federalism.
2. Describe the division of powers in the Indian Constitution.

3. What are the challenges to federalism in India?
4. How has federalism been strengthened in India?

****Long Answer (5 marks):****

1. Compare the "coming together" and "holding together" federations.
2. Explain the federal structure of India.
3. Discuss the role of the Governor and the emergency provisions in India.

****Case-Based Question:****

Read the following and answer:

"The Indian Constitution divides powers between the central and state governments."

- (i) What are the three lists under the Constitution?
- (ii) What is the Union List? Give examples.
- (iii) What is the State List? Give examples.
- (iv) What is the Concurrent List? Give examples.

CHAPTER 3: GENDER, RELIGION AND CASTE

1. Gender and Politics

****A. Gender Division:****

- The division of roles and responsibilities between men and women.

****B. Inequalities and Discrimination:****

- ****Patriarchy:**** Male dominance in society.
- ****Literacy:**** Lower literacy rates for women.
- ****Workforce Participation:**** Lower participation of women in the workforce.
- ****Unpaid Work:**** Women do most of the unpaid domestic work.
- ****Sex Ratio:**** Lower sex ratio in some states.
- ****Violence:**** Domestic violence, sexual harassment.

****C. Women's Movements and Political Representation:****

- ****Feminist Movements:**** Demanded equal rights.
- ****Political Representation:**** Reservation of seats for women in local bodies (33%).

2. Religion and Politics

****A. Communalism:****

- When one religion considers itself superior to others.
- ****Forms:****
 - ****Religious Bigotry:**** Hatred of other religions.
 - ****Majoritarian Dominance:**** One religion dominates.
 - ****Political Mobilisation:**** Using religion for political ends.
 - ****Communal Violence:**** Clashes between religious communities.

****B. Secularism in India:****

- ****Definition:**** The state does not promote any religion.
- ****Features:****
 - No official religion.
 - Freedom of religion.
 - Equal treatment of all religions.

****C. The Role of Religion in Politics:****

- ****Positive:**** Religious ideas can inspire social reform.
- ****Negative:**** Can lead to communalism and conflict.

3. Caste and Politics

****A. Caste System in India:****

- A hierarchical system of social stratification.
- ****Features:****
 - Birth-based.
 - Endogamy (marriage within the same caste).
 - Occupation-based.

****B. Inequalities and Discrimination:****

- ****Untouchability:**** Practice of discrimination against Dalits.
- ****Denial of Rights:**** To education, jobs, and social services.

****C. Caste in Politics:****

- ****Caste-Based Mobilisation:**** Political parties appeal to caste groups.
- ****Reservations:**** For SCs, STs, and OBCs.
- ****Caste and Voting:**** People often vote on caste lines.
- ****Caste and Society:**** Caste divisions continue to exist.

****D. Positive Changes:****

- ****Reservations:**** Have helped backward classes.
- ****Inter-Caste Marriages:**** Increasing.
- ****Caste Associations:**** Have given voice to communities.

****E. Negative Aspects:****

- ****Caste-Based Violence:**** Discrimination and atrocities.
- ****Caste Politics:**** Can lead to conflict.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is patriarchy?
2. What is communalism?
3. What is secularism?
4. What is the reservation policy?
5. What is untouchability?

****Short Answer (3 marks):****

1. Explain the forms of gender inequality in India.
2. What is communalism? How does it affect democracy?
3. What is the role of caste in Indian politics?
4. How has the reservation policy helped backward classes?

****Long Answer (5 marks):****

1. Discuss the role of gender in politics.
2. Explain the concept of communalism and how it affects Indian society.
3. What is the relationship between caste and politics in India?

****Case-Based Question:****

Read the following and answer:

"The Indian Constitution prohibits discrimination on the basis of gender, religion, and caste."

- (i) What is the constitutional provision against discrimination?
- (ii) What are the forms of gender inequality in India?
- (iii) What is communalism?
- (iv) What is the reservation policy?

CHAPTER 4: POLITICAL PARTIES

1. Meaning and Functions of Political Parties

****Definition:**** A group of people who come together to contest elections and hold power in the government.

****Functions:****

1. ****Contest Elections:**** Present candidates for elections.
2. ****Formulate Policies:**** Develop programmes and policies.
3. ****Mobilise Public Opinion:**** Shape public opinion.
4. ****Form Government:**** Form the government if they win.
5. ****Opposition:**** Criticise the government.

2. Political Party Systems

****A. One-Party System:****

- Only one party is allowed to exist.
- ****Example:**** China (Communist Party).

****B. Two-Party System:****

- Two major parties dominate.
- ****Example:**** USA (Democrats and Republicans), UK (Labour and Conservatives).

****C. Multi-Party System:****

- Several parties compete for power.
- ****Example:**** India (BJP, INC, AAP, etc.).
- ****Features:**** Often leads to coalition governments.

3. National and Regional Parties

****A. Recognition Criteria:****

- ****National Party:**** Secure at least 6% of votes in any four states and win at least 4 Lok Sabha seats.
- ****State Party:**** Secure at least 6% of votes in a state and win at least 2 Assembly seats.

****B. Major National Parties:****

****1. Indian National Congress (INC):****

- ****Founded:**** 1885.
- ****Ideology:**** Centrist, secular, welfare.
- ****Symbol:**** Hand.
- ****Key Leaders:**** Indira Gandhi, Rajiv Gandhi, Rahul Gandhi.

****2. Bharatiya Janata Party (BJP):****

- ****Founded:**** 1980.
- ****Ideology:**** Hindu nationalist, right-wing.
- ****Symbol:**** Lotus.
- ****Key Leaders:**** Atal Bihari Vajpayee, Narendra Modi.

****3. Bahujan Samaj Party (BSP):****

- ****Founded:**** 1984.
- ****Ideology:**** Dalit empowerment, secular.
- ****Symbol:**** Elephant.
- ****Key Leaders:**** Kanshi Ram, Mayawati.

****4. Communist Party of India (CPI):****

- ****Founded:**** 1925.
- ****Ideology:**** Left-wing, communist.
- ****Symbol:**** Sickle and hammer.
- ****Key Leaders:**** A.K. Gopalan, S.A. Dange.

****5. Communist Party of India (Marxist) (CPI-M):****

- ****Founded:**** 1964.
- ****Ideology:**** Left-wing, communist.
- ****Symbol:**** Red star.

****6. All India Trinamool Congress (AITC):****

- ****Founded:**** 1998.
- ****Ideology:**** Regional, secular.
- ****Symbol:**** Flowers.
- ****Key Leaders:**** Mamata Banerjee.

****7. Nationalist Congress Party (NCP):****

- ****Founded:**** 1999.
- ****Ideology:**** Centrist.
- ****Symbol:**** Clock.
- ****Key Leaders:**** Sharad Pawar.

****8. Aam Aadmi Party (AAP):****

- ****Founded:**** 2012.
- ****Ideology:**** Anti-corruption, participatory democracy.
- ****Symbol:**** Broom.
- ****Key Leaders:**** Arvind Kejriwal.

****C. Major Regional Parties:****

- ****Dravida Munnetra Kazhagam (DMK):**** Tamil Nadu.
- ****All India Anna Dravida Munnetra Kazhagam (AIADMK):**** Tamil Nadu.

- **Shiv Sena:** Maharashtra.
- **Telugu Desam Party (TDP):** Andhra Pradesh.
- **Samajwadi Party (SP):** Uttar Pradesh.
- **Rashtriya Janata Dal (RJD):** Bihar.
- **Janata Dal (United):** Bihar.
- **Shiromani Akali Dal (SAD):** Punjab.

4. Challenges to Political Parties

1. **Lack of Internal Democracy:** Leaders have too much power.
2. **Dynastic Succession:** Leadership passes from one generation to another.
3. **Money and Muscle Power:** Use of money and force in elections.
4. **Criminalisation:** Candidates with criminal backgrounds.
5. **Factionalism:** Internal conflicts.

5. Reforms in Political Parties

1. **Anti-Defection Law:** Prevents party members from changing sides.
2. **Internal Democracy:** Regular elections and open decision-making.
3. **Candidate Selection:** Merit-based selection.
4. **State Funding:** Financial support from the state.
5. **Criminalisation:** Disqualification of candidates with criminal backgrounds.

IMPORTANT QUESTIONS

Very Short Answer (1-2 marks):

1. What is a political party?
2. What are the functions of a political party?
3. What is a national party?
4. What is a state party?
5. What is the Anti-Defection Law?

Short Answer (3 marks):

1. Explain the different party systems in the world.
2. What are the functions of political parties?
3. Describe the major national political parties in India.
4. What are the challenges faced by political parties in India?

****Long Answer (5 marks):****

1. Explain the role of political parties in a democracy.
2. Describe the national and regional parties in India.
3. What are the reforms needed to strengthen political parties in India?

****Case-Based Question:****

Read the following and answer:

"India has a multi-party system."

- (i) What is a multi-party system?
- (ii) What are the advantages of a multi-party system?
- (iii) What are the disadvantages of a multi-party system?
- (iv) What are the major national parties in India?

CHAPTER 5: OUTCOMES OF DEMOCRACY

1. Democracy as a Form of Government

****Key Principles:****

- ****Accountability:**** The government is accountable to the people.
- ****Responsiveness:**** The government responds to the needs of the people.
- ****Legitimacy:**** The government is legitimate because it is elected by the people.

2. Outcomes of Democracy

****A. Political Outcomes:****

- ****Legitimacy:**** Democracy gives legitimacy to the government.
- ****Accountability:**** Governments are accountable to the people.
- ****Transparency:**** Decisions are made in a transparent manner.
- ****Rights:**** Democracy ensures the protection of fundamental rights.

****B. Economic Outcomes:****

- ****Economic Development:**** Democracy does not guarantee rapid economic development.
- ****Reduction of Inequality:**** Democracy aims to reduce inequality.
- ****Poverty Reduction:**** Democratic governments try to reduce poverty.

****C. Social Outcomes:****

- ****Accommodation of Social Diversity:**** Democracy accommodates diverse social groups.

- **Reduction of Conflict:** Democracy helps in resolving conflicts peacefully.
- **Dignity of People:** Democracy enhances the dignity of citizens.
- **Equality:** Democracy promotes equality.

3. Quality of Government

- **Rule of Law:** Democracy ensures the rule of law.
- **Judicial Independence:** An independent judiciary protects rights.
- **Free Media:** Media ensures transparency.
- **Participation:** Citizens participate in the political process.

4. Economic Well-Being

- **Economic Growth:** Democracy can lead to economic growth.
- **Poverty:** Democratic governments take measures to reduce poverty.
- **Inequality:** Efforts are made to reduce inequality.

5. Social Differences and Conflict

- **Accommodation:** Democracy accommodates diverse social groups.
- **Peaceful Resolution:** Conflicts are resolved peacefully.
- **Sensitivity:** Democracy is sensitive to the needs of minority communities.

6. Freedom and Dignity

- **Fundamental Rights:** Protect the dignity of individuals.
- **Social Justice:** Ensures equal treatment.
- **Women's Rights:** Empowerment of women.
- **Dalit Rights:** Protection of Dalit rights.

7. Challenges to Democracy

- **Corruption:** Erodes public trust.
- **Criminalisation:** Politicians with criminal backgrounds.

- **Money Power:** Influence of money in elections.
- **Unrepresentative:** Some groups remain underrepresented.

IMPORTANT QUESTIONS

Very Short Answer (1-2 marks):

1. What is democracy?
2. What is accountability?
3. What is transparency?
4. What is the rule of law?
5. What are the outcomes of democracy?

Short Answer (3 marks):

1. What are the political outcomes of democracy?
2. What are the economic outcomes of democracy?
3. What are the social outcomes of democracy?
4. What are the challenges to democracy?

Long Answer (5 marks):

1. Evaluate the outcomes of democracy.
2. How does democracy accommodate social diversity?
3. What is the importance of freedom and dignity in democracy?

Case-Based Question:

Read the following and answer:

"Democracy is the best form of government, but it also has its limitations."

- (i) What are the advantages of democracy?
- (ii) What are the limitations of democracy?
- (iii) How does democracy ensure accountability?
- (iv) What are the challenges faced by democracy in India?

ECONOMICS (UNDERSTANDING ECONOMIC DEVELOPMENT)

CHAPTER 1: DEVELOPMENT

1. What is Development?

****Definition:**** Improvement in the quality of life and well-being of people.

****Different Notions of Development:****

- ****Income:**** Higher income.
- ****Health:**** Better health facilities.
- ****Education:**** Better education.
- ****Security:**** Social and economic security.
- ****Freedom:**** Freedom of choice.

2. Development Goals

****A. Income and Other Goals:****

- ****Income:**** The main indicator of development.
- ****Other Goals:**** Equal treatment, freedom, security, respect.

****B. Different People, Different Goals:****

- ****Rich:**** Want more money and luxury.
- ****Poor:**** Want basic needs and security.
- ****Landless:**** Want land and employment.
- ****Women:**** Want equality and empowerment.

3. National Development

****Definition:**** Development that benefits the country as a whole.

****Indicators:****

- ****Gross Domestic Product (GDP):**** Total value of all goods and services produced in a country.
- ****Per Capita Income:**** National income divided by population.
- ****Human Development Index (HDI):**** Combines income, education, and health.

****Limitations of GDP:****

- Does not show distribution of income.
- Does not show quality of life.
- Does not include non-economic activities.

4. Human Development Index (HDI)

****Definition:**** A measure of a country's development based on income, education, and health.

****Indicators:****

1. ****Gross National Income (GNI) per capita.****
2. ****Life Expectancy at Birth.****
3. ****Mean Years of Schooling.****

****Categories:****

- ****Very High Human Development.****
- ****High Human Development.****
- ****Medium Human Development.****
- ****Low Human Development.****

5. Sustainable Development

****Definition:**** Development that meets the needs of the present without compromising the ability of future generations to meet their own needs.

****Principles:****

- Use of resources in a sustainable manner.
- Conservation of natural resources.
- Environmental protection.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is development?
2. What is GDP?
3. What is per capita income?
4. What is HDI?
5. What is sustainable development?

****Short Answer (3 marks):****

1. Explain the different notions of development.
2. What are the development goals of different people?
3. What are the limitations of GDP as an indicator of development?
4. Explain the Human Development Index.

****Long Answer (5 marks):****

1. What is development? Explain the different indicators of development.
2. Compare the economic and non-economic indicators of development.
3. What is sustainable development? Why is it important?

****Case-Based Question:****

Read the following and answer:

"Per capita income is not the only indicator of development."

- (i) What is per capita income?
- (ii) What are the limitations of per capita income?
- (iii) What are the other indicators of development?
- (iv) What is the Human Development Index?

CHAPTER 2: SECTORS OF THE INDIAN ECONOMY

1. Classification of Economic Activities

****A. On the Basis of Nature of Work:****

****1. Primary Sector:****

- Extraction of natural resources.
- ****Examples:**** Agriculture, mining, fishing, forestry.
- ****Called:**** Agriculture and allied activities.
- ****Largest employer:**** In India, the primary sector employs the most people.

****2. Secondary Sector:****

- Processing of raw materials.
- ****Examples:**** Manufacturing, construction, electricity generation.
- ****Called:**** Industrial sector.

****3. Tertiary Sector:****

- Providing services.
- ****Examples:**** Transport, education, health, banking, tourism.
- ****Called:**** Service sector.

****B. On the Basis of Ownership:****

****1. Public Sector:****

- Owned and managed by the government.

- **Examples:** Railways, defence, public utilities.

2. Private Sector:

- Owned and managed by individuals or private companies.
- **Examples:** Reliance, Tata, private hospitals.

3. Organised Sector:

- Regular employment, job security, fixed salary, benefits.
- **Examples:** Government employees, corporate employees.

4. Unorganised Sector:

- Irregular employment, no job security, no benefits.
- **Examples:** Daily wage workers, small farmers, domestic workers.

C. On the Basis of Use of Goods:

1. Economic Activities:

- Activities that add value to the economy.
- **Examples:** Production of goods and services.

2. Non-Economic Activities:

- Activities that do not add value to the economy.
- **Examples:** Household work, volunteer work.

2. Contribution of Sectors to GDP

Sectoral Contribution (2023-24):

- **Tertiary Sector:** Largest contribution (about 60%).
- **Secondary Sector:** About 25%.
- **Primary Sector:** About 15%.

Sectoral Employment:

- **Primary Sector:** Employs the most people (about 45%).
- **Secondary Sector:** About 25%.
- **Tertiary Sector:** About 30%.

3. Problems in Different Sectors

A. Primary Sector:

- Underemployment.

- Low productivity.
- Dependence on monsoon.
- Lack of modern technology.

****B. Secondary Sector:****

- Outdated technology.
- Inadequate capital.
- Competition from imports.
- Lack of skilled labour.

****C. Tertiary Sector:****

- Unequal distribution of services.
- Low quality of services.
- Unemployment in rural areas.

4. Organised and Unorganised Sectors

****A. Organised Sector:****

- ****Characteristics:**** Regular employment, fixed salary, benefits, job security.
- ****Examples:**** Government, corporate sector.
- ****Advantages:**** Protection of workers' rights.
- ****Disadvantages:**** Limited employment.

****B. Unorganised Sector:****

- ****Characteristics:**** Irregular employment, low wages, no job security, no benefits.
- ****Examples:**** Agricultural labour, domestic workers, small shopkeepers.
- ****Advantages:**** Provides employment to many.
- ****Disadvantages:**** Exploitation of workers.

5. Role of the Government

1. ****Regulation:**** Labour laws, minimum wage.
2. ****Social Security:**** Pensions, health insurance.
3. ****Education and Training:**** Skill development.
4. ****Employment Generation:**** Schemes like MGNREGA.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is the primary sector?
2. What is the secondary sector?
3. What is the tertiary sector?
4. What is the organised sector?
5. What is the unorganised sector?

****Short Answer (3 marks):****

1. Explain the three sectors of the economy.
2. What is the contribution of different sectors to GDP in India?
3. What are the problems in the primary sector?
4. What is the difference between the organised and unorganised sectors?

****Long Answer (5 marks):****

1. Explain the classification of economic activities with examples.
2. Discuss the role of the primary, secondary, and tertiary sectors in the Indian economy.
3. What are the problems in the unorganised sector? Suggest measures to address them.

****Case-Based Question:****

Read the following and answer:

"The tertiary sector is the fastest-growing sector in India."

- (i) What is the tertiary sector?
- (ii) Why is the tertiary sector growing in India?
- (iii) What are the challenges faced by the tertiary sector?
- (iv) What is the contribution of the tertiary sector to GDP?

CHAPTER 3: MONEY AND CREDIT

1. Money: Evolution and Functions

****A. Evolution of Money:****

- ****Barter System:**** Exchange of goods for goods.
 - ****Problems:**** Double coincidence of wants, lack of standard unit of value, difficulty in storing wealth.
- ****Commodity Money:**** Used items like cattle, grains, cowrie shells.
- ****Metallic Money:**** Gold, silver, copper coins.
- ****Paper Money:**** Currency notes.
- ****Digital Money:**** Credit cards, debit cards, UPI.

****B. Functions of Money:****

1. ****Medium of Exchange:**** Used to buy and sell goods and services.
2. ****Measure of Value:**** Value of goods and services is measured in terms of money.
3. ****Store of Value:**** Can be saved and used later.
4. ****Standard of Deferred Payment:**** Used for future payments.

2. Credit

****A. What is Credit?****

- Borrowing money for a certain period with the promise to repay with interest.

****B. Sources of Credit:****

****1. Formal Sources:****

- ****Banks:**** Provide loans at lower interest rates.
- ****Cooperatives:**** Provide loans to members.
- ****Advantages:**** Lower interest rates, regulated.
- ****Disadvantages:**** Require collateral, strict terms.

****2. Informal Sources:****

- ****Moneylenders:**** Provide loans at high interest rates.
- ****Traders:**** Provide loans to farmers.
- ****Friends and Relatives:**** Informal loans.
- ****Advantages:**** No collateral required, flexible.
- ****Disadvantages:**** High interest rates, exploitation.

3. Terms of Credit

****Key Terms:****

- ****Principal:**** The amount borrowed.
- ****Interest:**** The amount paid for the loan.
- ****Collateral:**** Security provided by the borrower.
- ****Repayment Period:**** Time to repay.
- ****Interest Rate:**** The percentage charged.

4. Self-Help Groups (SHGs)

****Definition:**** Small groups of people (usually women) who pool their savings and provide loans to members.

****Objectives:****

1. Savings and thrift.
2. Providing credit to members.
3. Financial literacy.
4. Empowerment of women.

****Functions:****

- Members save regularly.
- Loans are given to members at low interest rates.
- Helps in overcoming poverty.
- Empowers women.

****Benefits:****

- Access to credit.
- Financial inclusion.
- Empowerment of women.
- Social and economic development.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is money?
2. What are the functions of money?
3. What is credit?
4. What is the barter system?
5. What are SHGs?

****Short Answer (3 marks):****

1. Explain the evolution of money.
2. What are the sources of credit? Differentiate between formal and informal sources.
3. Explain the terms of credit.
4. What are Self-Help Groups? Explain their functions and benefits.

****Long Answer (5 marks):****

1. Describe the functions of money.
2. Compare the formal and informal sources of credit.
3. What is the role of Self-Help Groups in the empowerment of women?

****Case-Based Question:****

Read the following and answer:

"A poor woman takes a loan from a moneylender to buy a cow."

- (i) What are the terms of credit?
- (ii) What are the advantages and disadvantages of taking a loan from a moneylender?
- (iii) What is the alternative source of credit for this woman?
- (iv) How can Self-Help Groups help her?

CHAPTER 4: GLOBALISATION AND THE INDIAN ECONOMY

1. What is Globalisation?

****Definition:**** The process of integration of different countries through trade, investment, and the flow of technology.

****Aspects:****

- ****Economic Globalisation:**** Integration of economies.
- ****Cultural Globalisation:**** Exchange of ideas, culture, and practices.
- ****Political Globalisation:**** Interdependence of nations.

2. Factors Enabling Globalisation

1. ****Technology:****

- ****Information Technology:**** Computers, internet, mobile phones.
- ****Transport Technology:**** Faster and cheaper transport.
- ****Communication Technology:**** Telegraph, telephone, satellite.

2. ****Trade Liberalisation:****

- Removal of trade barriers.
- Reduction of tariffs.
- Encouragement of foreign investment.

3. ****Multinational Corporations (MNCs):****

- Companies that operate in multiple countries.
- They set up production units in different countries to reduce costs.
- ****Examples:**** Coca-Cola, Toyota, Samsung, Reliance.

4. ****International Organisations:****

- **WTO (World Trade Organisation):** Regulates international trade.
- **IMF (International Monetary Fund):** Provides loans to countries.
- **World Bank:** Provides loans for development projects.

5. **Foreign Investment:**

- Investment by foreign companies in India.
- **FDI (Foreign Direct Investment):** Investment in production units.

3. Impact of Globalisation on India

A. Positive Impact:

1. **Growth in Trade:** Increased exports and imports.
2. **Economic Growth:** Higher GDP growth.
3. **Employment:** Increased employment in some sectors.
4. **Consumer Choice:** More variety of goods.
5. **Technology Transfer:** Access to new technology.
6. **Foreign Investment:** Increased FDI.

B. Negative Impact:

1. **Job Losses:** In some sectors (textiles, agriculture).
2. **Inequality:** Increased income inequality.
3. **Exploitation:** Exploitation of labour.
4. **Cultural Erosion:** Loss of traditional culture.
5. **Dependence:** Dependence on foreign countries.
6. **Strain on Infrastructure:** Pressure on roads, electricity, etc.

4. World Trade Organisation (WTO)

Founded: 1995.

Objectives:

- Promote international trade.
- Reduce trade barriers.
- Settle trade disputes.

Criticism:

- Favours developed countries.
- Policies are not always fair to developing countries.

5. Struggles for Fair Globalisation

****Need:****

- Make globalisation more equitable.
- Protect the rights of workers.
- Protect the environment.

****Examples:****

- ****Movement for Fair Trade:**** Ensuring fair prices for products.
- ****Anti-Globalisation Movements:**** Protests against unfair trade practices.
- ****Role of the Government:**** The government can negotiate for better terms in trade agreements.

6. India and G20

****G20:**** Group of 20 major economies.

- India is a member.
- India hosted the G20 Summit in 2023.

****Significance:****

- India's growing role in global affairs.
- India's economic growth and global influence.

IMPORTANT QUESTIONS

****Very Short Answer (1-2 marks):****

1. What is globalisation?
2. What is trade liberalisation?
3. What is an MNC?
4. What is the WTO?
5. What is FDI?

****Short Answer (3 marks):****

1. Explain the factors that enabled globalisation.
2. What is the positive impact of globalisation on India?
3. What is the negative impact of globalisation on India?
4. What is the role of the WTO in globalisation?

****Long Answer (5 marks):****

1. Discuss the impact of globalisation on the Indian economy.
2. What are the factors enabling globalisation?
3. What are the struggles for a fair globalisation?
4. Evaluate the role of MNCs in the Indian economy.

****Case-Based Question:****

Read the following and answer:

"Globalisation has led to the growth of MNCs in India."

- (i) What are MNCs?
- (ii) What is the role of MNCs in the Indian economy?
- (iii) What are the advantages of MNCs?
- (iv) What are the disadvantages of MNCs?

IMPORTANT MAPS TO PRACTISE

****History:****

1. Congress Sessions: Calcutta (1920), Nagpur (1920), Madras (1927).
2. Satyagraha Movements: Champaran, Kheda, Ahmedabad.
3. Jallianwala Bagh, Dandi March.

****Geography:****

1. Major Soil Types.
2. Water Resources: Major Dams.
3. Agriculture: Major crops and producing states.
4. Minerals and Energy Resources: Mines, oil fields, power plants.
5. Manufacturing Industries: Cotton textile, iron and steel, software parks.
6. Lifelines of National Economy: Major ports and airports.

KEY TERMS AND DEFINITIONS

****History:****

- ****Nation State:**** A state where the majority of citizens share a common identity.
- ****Satyagraha:**** Truth and non-violent resistance.
- ****Swadeshi:**** Use of Indian goods.
- ****Liberalism:**** Government by consent, freedom of markets.
- ****Imperialism:**** Extending a country's power through colonisation.

****Geography:****

- ****Biodiversity:**** Variety of plant and animal life.

- **Sustainable Development:** Development that meets the needs of the present without compromising the future.
- **Gross Domestic Product (GDP):** Total value of goods and services produced in a country.
- **Human Development Index (HDI):** A measure of development based on income, education, and health.
- **Kharif Crops:** Sown in the rainy season.
- **Rabi Crops:** Sown in the winter season.

Political Science:

- **Federalism:** Division of powers between central and state governments.
- **Secularism:** The state does not promote any religion.
- **Communalism:** When one religion considers itself superior to others.
- **Reservations:** Government policy to promote equality for backward classes.
- **Coalition Government:** A government formed by multiple political parties.

Economics:

- **Development:** Improvement in the quality of life.
- **Primary Sector:** Extraction of natural resources.
- **Secondary Sector:** Processing of raw materials.
- **Tertiary Sector:** Provision of services.
- **Organised Sector:** Regular employment with benefits.
- **Unorganised Sector:** Irregular employment with no benefits.
- **Globalisation:** Integration of different countries through trade and investment.
