=====

CHAPTER: Geography-1 - Resources and Development

=====

YEAR: 2022

CHAPTER: Geography-1 - Resources and Development

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Explain the importance of National Highways in India.

OPTIONS: (A) They connect extreme parts, serve as primary roads, and are maintained by CPWD (B) They are only used for local traffic and short-distance travel (C) They are built and funded entirely by state governments (D) They are used solely for defence and military purposes

ANSWER: (A) They connect extreme parts, serve as primary roads, and are maintained by CPWD

YEAR: 2022

CHAPTER: Geography-1 - Resources and Development

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Classify industries on the basis of source of raw materials.

OPTIONS: (A) Agro-based and Mineral-based (B) Large-scale and Small-scale (C) Public and Private (D) Basic and Consumer

ANSWER: (A) Agro-based and Mineral-based

YEAR: 2022

CHAPTER: Geography-1 - Resources and Development

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Differentiate between basic and consumer industries.

OPTIONS: (A) Basic industries supply raw materials to make other goods, while consumer industries produce goods for direct use (B) Basic industries are always small-scale, while consumer industries are always large-scale (C) Basic industries are in the public sector, while consumer industries are in the private sector (D) Basic industries use only imported raw materials, while consumer industries use domestic ones

ANSWER: (A) Basic industries supply raw materials to make other goods, while consumer industries produce goods for direct use

Chapter 4 – Agriculture

=====

CHAPTER: Geography-4 - Agriculture

=====

YEAR: 2022

CHAPTER: Geography-4 - Agriculture

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Explain the features of Rabi cropping season.

OPTIONS: (A) Sown in winter (October-December) and harvested in summer (April-June) (B) Sown in monsoon (June-July) and harvested in winter (October-November) (C) Grown exclusively in coastal areas with high humidity throughout the year (D) Require heavy rainfall and high temperatures throughout the growing season

ANSWER: (A) Sown in winter (October-December) and harvested in summer (April-June)

YEAR: 2022

CHAPTER: Geography-4 - Agriculture

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Mention any two features of Plantation agriculture.

OPTIONS: (A) Single crop grown on a large area, using capital-intensive inputs and migrant labour (B) Multiple crops grown on small patches, using only family labour (C) Practised only for subsistence and not for commercial purposes (D) Does not use any modern inputs or advanced technology

ANSWER: (A) Single crop grown on a large area, using capital-intensive inputs and migrant labour

Chapter 5 – Minerals and Energy Resources

=====

CHAPTER: Geography-5 - Minerals and Energy Resources

=====

YEAR: 2022

CHAPTER: Geography-5 - Minerals and Energy Resources

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Why has the iron and steel industry not been able to perform to its full potential?

OPTIONS: (A) High costs, limited coking coal, low productivity, and poor infrastructure
(B) Abundant raw materials and modern advanced technology (C) High labour productivity and availability of cheap energy (D) Government subsidies and full financial support from the state

ANSWER: (A) High costs, limited coking coal, low productivity, and poor infrastructure

YEAR: 2022

CHAPTER: Geography-5 - Minerals and Energy Resources

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Why is aluminium smelting the second most important metallurgical industry in India?

OPTIONS: (A) Light, corrosion-resistant, good conductor, and widely used in many industries (B) Heavy, expensive, and has limited application in manufacturing (C) Not used in any manufacturing process or industrial production (D) Used only for export purposes and not for domestic consumption

ANSWER: (A) Light, corrosion-resistant, good conductor, and widely used in many industries

Chapter 6 – Manufacturing Industries

=====

CHAPTER: Geography-6 - Manufacturing Industries

=====

YEAR: 2022

CHAPTER: Geography-6 - Manufacturing Industries

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: How is the chemical industry in India diversified?

OPTIONS: (A) Includes large and small units, with inorganic and organic sectors producing various chemicals (B) Produces only inorganic chemicals like acids and soda ash exclusively (C) Limited to small-scale units producing only fertilizers and pesticides (D) Produces only petrochemicals and does not make basic chemicals

ANSWER: (A) Includes large and small units, with inorganic and organic sectors producing various chemicals

YEAR: 2022

CHAPTER: Geography-6 - Manufacturing Industries

ORIGINAL_SECTION: D (Case Based)

ORIGINAL_MARKS: 4

QUESTION: Mention any two challenges faced by the jute industry in India.

OPTIONS: (A) Competition from synthetic substitutes and from countries like Bangladesh and Brazil (B) High domestic demand and ample government subsidies (C) Modern technology and low production costs (D) Government support and high export demand

ANSWER: (A) Competition from synthetic substitutes and from countries like Bangladesh and Brazil

YEAR: 2022

CHAPTER: Geography-6 - Manufacturing Industries

ORIGINAL_SECTION: D (Case Based)

ORIGINAL_MARKS: 4

QUESTION: What was the main objective of the National Jute Policy formulated in 2005?

OPTIONS: (A) Increase productivity, improve quality, ensure good prices, and raise yield per hectare (B) Reduce total production and shift to synthetic alternatives (C) Export all jute products and stop domestic consumption (D) Shift completely from jute to plastic packaging materials

ANSWER: (A) Increase productivity, improve quality, ensure good prices, and raise yield per hectare

YEAR: 2022

CHAPTER: Geography-6 - Manufacturing Industries

ORIGINAL_SECTION: D (Case Based)

ORIGINAL_MARKS: 4

QUESTION: How has the jute industry reopened opportunities for its products?

OPTIONS: (A) Growing global preference for environment-friendly, biodegradable materials (B) Decreasing demand for all natural fibre products worldwide (C) More synthetic substitutes available at cheaper prices (D) Government bans on the use of all jute products

ANSWER: (A) Growing global preference for environment-friendly, biodegradable materials

POLITICAL SCIENCE

Chapter 4 – Political Parties

=====

CHAPTER: PolSci-4 - Political Parties

=====

YEAR: 2022

CHAPTER: PolSci-4 - Political Parties

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Differentiate between ruling and opposition parties.

OPTIONS: (A) Ruling party runs the government; opposition party criticises its policies and offers alternative views (B) Both parties share power and run the government equally (C) Opposition party has more power than the ruling party (D) Ruling party is not elected by the people

ANSWER: (A) Ruling party runs the government; opposition party criticises its policies and offers alternative views

YEAR: 2022

CHAPTER: PolSci-4 - Political Parties

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: How is one-party system different from two-party system? Explain with examples.

OPTIONS: (A) One-party system allows only one party (e.g. China); two-party system has power alternating between two main parties (e.g. USA, UK) (B) One-party system has no elections at all (C) Two-party system always leads to coalition governments (D) Both systems are identical in their functioning

ANSWER: (A) One-party system allows only one party (e.g. China); two-party system has power alternating between two main parties (e.g. USA, UK)

YEAR: 2022

CHAPTER: PolSci-4 - Political Parties

ORIGINAL_SECTION: B

ORIGINAL_MARKS: 3

QUESTION: Explain how the rise of political parties is directly linked to the emergence of representative democracies.

OPTIONS: (A) Large societies need representatives; parties gather views, present them to government, and form a responsible government (B) Parties are optional in democracies and not really needed (C) Parties exist only in dictatorships and not in democracies (D) Parties are not needed for elections or governance

ANSWER: (A) Large societies need representatives; parties gather views, present them to government, and form a responsible government

Chapter 5 – Outcomes of Democracy

=====

CHAPTER: PolSci-5 - Outcomes of Democracy

=====

YEAR: 2022

CHAPTER: PolSci-5 - Outcomes of Democracy

ORIGINAL_SECTION: B

ORIGINAL_MARKS: 3

QUESTION: "Democratic governments are transparent and legitimate." Justify the statement.

OPTIONS: (A) They follow procedures, allow public scrutiny, are elected by people, and enjoy trust (B) They have no procedures and are not accountable (C) They are not elected by the people (D) They do not allow any public scrutiny

ANSWER: (A) They follow procedures, allow public scrutiny, are elected by people, and enjoy trust

YEAR: 2022

CHAPTER: PolSci-5 - Outcomes of Democracy

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Which two conditions must democracy fulfil to achieve a harmonious social life?

OPTIONS: (A) Minority and majority must work together, and majority should not impose its will (B) Only majority rule without any accommodation (C) Minority rule over the majority (D) No accommodation of any social differences

ANSWER: (A) Minority and majority must work together, and majority should not impose its will

ECONOMICS

Chapter 1 – Development

=====

CHAPTER: Economics-1 - Development

=====

YEAR: 2022

CHAPTER: Economics-1 - Development

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: How do double coincidence of wants arise?

OPTIONS: (A) When two parties agree to sell and buy each other's commodities in a barter system (B) When money is used as a medium of exchange (C) When goods are sold for cash in a market (D) When there is no exchange of goods at all

ANSWER: (A) When two parties agree to sell and buy each other's commodities in a barter system

Chapter 3 – Money and Credit

=====

CHAPTER: Economics-3 - Money and Credit

=====

YEAR: 2022

CHAPTER: Economics-3 - Money and Credit

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: Analyse the situation in which credit pushes the borrower into a situation from which recovery is very painful.

OPTIONS: (A) When crop failure makes repayment difficult, forcing the borrower to sell assets and fall into debt-trap (B) When credit is cheap and easily available to all borrowers (C) When there is no interest charged on the loan amount (D) When the borrower always repays the loan on time

ANSWER: (A) When crop failure makes repayment difficult, forcing the borrower to sell assets and fall into debt-trap

YEAR: 2022

CHAPTER: Economics-3 - Money and Credit

ORIGINAL_SECTION: B

ORIGINAL_MARKS: 3

QUESTION: Explain the three important 'terms of credit'.

OPTIONS: (A) Interest rate, collateral, and documentation requirement (B) Principal amount, profit, and loss (C) Production, distribution, and consumption (D) Saving, investment, and expenditure

ANSWER: (A) Interest rate, collateral, and documentation requirement

YEAR: 2022

CHAPTER: Economics-3 - Money and Credit

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 2

QUESTION: From which source of credit did Megha take a loan in the given case study?

OPTIONS: (A) Formal sector (bank) (B) Informal sector (moneylender) (C) Cooperative society (D) Relative or friend

ANSWER: (A) Formal sector (bank)

YEAR: 2022

CHAPTER: Economics-3 - Money and Credit

ORIGINAL_SECTION: A

ORIGINAL_MARKS: 1

QUESTION: What were the terms of credit in Megha's loan case study?

OPTIONS: (A) Interest rate of 12%, repayment in 10 years, and collateral of house papers (B) Interest rate of 5%, repayment in 5 years, and no collateral (C) Interest rate of 20%, repayment in 2 years, and gold as collateral (D) Interest rate of 15%, repayment in 15 years, and land as collateral

ANSWER: (A) Interest rate of 12%, repayment in 10 years, and collateral of house papers

YEAR: 2022

CHAPTER: Economics-3 - Money and Credit

ORIGINAL_SECTION: B

ORIGINAL_MARKS: 3

QUESTION: Explain why banks do not lend credit to certain borrowers.

OPTIONS: (A) Lack of documents, previous loan defaults, irregular income, and high risk (B) All borrowers are given loans without any checks (C) Banks have unlimited funds and lend to everyone (D) Banks do not ask for any documents

ANSWER: (A) Lack of documents, previous loan defaults, irregular income, and high risk

YEAR: 2022

CHAPTER: Economics-3 - Money and Credit

ORIGINAL_SECTION: B

ORIGINAL_MARKS: 3

QUESTION: Explain the functions of Self-Help Groups in villages.

OPTIONS: (A) Promote savings, give small loans, help women become financially independent, and provide a platform for social issues (B) Only collect money and give to moneylenders (C) Only meet for social gatherings and not for financial matters (D) Only give loans to rich farmers and landlords
